TOP PERFORMING HASHTAGS

-->Key Insights:

- Poll posts generate the highest total engagement
- Evening time shows peak engagement levels
- Video content consistently performs well
- Higher hashtag usage slightly improves engagement

Result:

I built an end-to-end social media analytics dashboard using Excel and Power Query, where I performed data transformation, KPI analysis, and derived actionable insights to improve content strategy.

-->Recommendations:

- Focus on video and poll-based content
- Schedule posts during evening hours
- Use 3-5 hashtags for better reach
- Create more shareable content
